**CHIERICI**  
LICEO ARTISTICO

**Liceo Chierici obtained the Erasmus School accreditation in 2021 and the Erasmus VET (Vocational Education Training) accreditation in 2025, the unique school in Reggio Emilia with dual certification.**

Being awarded the Erasmus accreditation confirms that Liceo Chierici has set up an Erasmus Plan to implement high quality mobility activities as part of a wider effort to develop their organisation. Thanks to strong collaborations with institutes of excellence throughout Europe over the past three years **more than 200 students and 60 personnel staff** have had the opportunity to participate in mobilities and courses abroad.

Our team of tutor teachers carefully selected and trained accompanies them throughout their Erasmus mobility offering support and guidance.

For the students this experience represents **a unique opportunity for personal, cultural and relational growth**. The exchange with new realities such as schools and businesses and the dialogue with different cultures enable the students to discover new artistic perspectives and the teachers to innovate their educational approaches by reinforcing a multilingual route.

In the last two years Liceo Chierici has strengthened Erasmus Strategic Partnership projects among education and training organisations from different countries to promote more innovative and quality learning.
